Subject Joint IRM meeting #2 - Agenda

[attachment "DIRECTIONS TO NJTPA.DOC" deleted by Elizabeth Butler/R2/USEPA/US]

Just a reminder...the second Joint IRM Meeting will be held on April 19th in Newark at the NJTPA. Let's plan on starting at 1:00. I'd like to end at 3:00, but we will certainly be no later than 4:00! Directions are attached.

Here is a proposed agenda. Please comment if you feel its necessary.

1. Presentation of data by Louis Berger.
2. Discussion of comments on the Remedial Options Workgroup - Evaluation of IRMs.
3. Where in the process are the separate projects?
4. Opportunities for a Coordinated Effort - Are we sharing info or combining forces to a single end? What info do we need to make that decision?
5. Next Steps
